## Online Payment System Homeowner Help

### Q. Can I make my association payment online?

- A. The Truist Online Payment System is an optional payment method offered to associations and management companies that have entered into a lockbox relationship with Association Services. Associations must be enrolled in the Online Payment System in order for their homeowners to be able to utilize any or all of the online payment services.

If your association is not enrolled, or your payment obligation is not eligible, you can make your payment by the following methods:

- Mail a check with your payment coupon using the labels or envelopes included with your coupon book or statement.
- Enroll in Association Pay (ACH) to authorize recurring electronic funds transfers by ACH debit from your checking or savings account at a U.S. financial institution using an Association Pay enrollment form from your coupon book or statement.

### Q. How do I make my association payment online?

- A. You can make your association payment at *Truist.com/Payments* by the following methods:

- **Pay by Credit/Debit Card Payment** - Visa®, MasterCard®, American Express®, or Discover®. All debit cards issued by a US financial institution will incur a flat \$4.95 convenience fee. All credit cards will incur a convenience fee of 2.95% of the payment transaction amount. The convenience fee incurred on debit cards issued by a non-US financial institution varies. Your exact convenience fee on all credit and debit card transactions will be displayed to you before you submit your payment.
- **Pay by eCheck** – A one-time electronic funds transfer by ACH debit to your checking or savings account at a U.S. financial institution. No convenience fee is charged for payments made online by eCheck.
- **Enroll in Association Pay** – Enroll in Association Pay to authorize recurring electronic funds transfers by ACH debit to your checking or savings account at a U.S. financial institution.

### Q. What information must I provide to make my payment using an online bill pay provider?

- A. You need to provide your bill pay account number and your unit or serial number. Reference your existing payment coupon or statement for the required information. A sample is provided on the main menu screen on the Truist Online Payment System.

In most instances, payments received from a bill pay service are not processed on the same day that funds are debited from your account. Depending upon the method of payment and delivery used by your bill pay provider, payments may take up to five business days or more to be posted to your association's account. When using a bill pay service it is advisable to schedule your payment for a date well in advance of the due date.
